No. Keep it. It's perfect for you. (*beat*) I- I never understood why they are so damn happy anyway. So happy about a- slab of animal... protein- in- in that shade of green- that should come with a warning label. (*beat*) But I guess they smile because that is their future- Your future. Just like your pies- These horrible pies. Turning around in their nice, shiny glass towers- But tasting like ashes in my mouth. Have you ever seen a real key lime pie? It's not green. It's actually beautiful. Who makes these pies?! Who makes them?? What are they- really? Shit. Bright, fake-colored shit. Made by no one. Eaten by no one... You don't even know where they come from... Do you? You don't even know that...
